#### Quick Tip:

Stay organized by using a naming convention that makes sense to you, such as "Time Period, Subject"!

## Step 3: Distribute your Class Code.

Once you have received your Class Code, give it to students when they register their account and they will automatically be enrolled in the correct class!

**Successfully Created**

Class Code

**7J289**

Give class codes to students when they register their account and they will automatically be enrolled in the correct class. For students playing games on their tablet or computers, this code is what links students' gameplay to the reports found on playfully.org.
